About the Game

Tucked into the woods beside a quiet pond sits a small matcha cafe. Soft feelings drift in through its door, and a staff of frogs — earnest, if a little clumsy — is there to welcome every guest.

Take orders, prepare the menu, serve the tables. Upgrade your staff and equipment and gold keeps accumulating even while you are away. The little cafe grows, and the once-modest space fills with warm stories.

No competition. No rush. Just a place for anyone who wants to spend their days slowly, in the company of very cute frogs.
